CLASSROOM

A wide-angle photograph of a computer lab. The room features long, light-colored wooden desks arranged in rows. Each desk is equipped with a large black monitor and a black office chair with blue seats. The room has a dark grey ceiling with recessed fluorescent lighting. A whiteboard is mounted on a blue wall in the background. Large windows on the right side provide natural light. An air conditioner is visible on the wall near the windows. The floor is a light grey color.

MASTER OF BUSINESS ADMINISTRATION

The environment in which businesses operate today is extremely dynamic, posing a myriad of challenges and uncertainty for leaders and their organisations. The overall aim of this MBA course is to develop reflective, entrepreneurial, innovative and responsible leaders with the necessary skills and knowledge to lead their organisations in a complex global environment. The course offers an exciting and well balanced integrated curriculum that places a large emphasis on the application of knowledge in the organisational setting. Students will develop their personal, professional, critical thinking and reflective skills in order to prepare them to manage, lead and transform organisations and make a positive difference to their performance and society more generally.

Course Aims

- Think and act entrepreneurially to lead through uncertain and rapidly changing conditions in the global business environment;
- Be responsible leaders who are able to work with a diverse range of teams, in a variety of cultural contexts;
- Be international in their outlook and understand the challenges and opportunities the global business environment presents businesses
- Possess a deep understanding of the functions of business and appreciate the importance of functional collaboration to achieve organisational goals
- Be self-reflective practitioners with awareness of their self-identity and values
- Understand the importance of the role of business in society
